

## Call for seed funds between UPM and BUCT

As the initial and core members of Spain-China Joint Research Center of Advanced Materials which was established in September 2018, Polytechnic University of Madrid (UPM) and Beijing University of Chemical Technology (BUCT ) decided to establish the seed funds in the following topics :

- 1. High Performance Polymer Nanocomposites**
- 2. Energy Materials and Nanocarbon Materials**
- 3. Ecological management materials**
- 4. Multiscale modeling of materials**
- 5. Materials for biomedical applications and biosensors**

### How to apply for?

#### Step-1

If any staff of UPM is interested in these topics and expects to establish the collaboration with Professors in BUCT via applying for the seed funds, please send a short CV to [international.asia@upm.es](mailto:international.asia@upm.es) before **25<sup>th</sup> July 2019**.

#### Step-2

The selected candidates' CV will be sent to BUCT, aiming at looking for suitable Partners in BUCT before **30<sup>th</sup> July 2019**.

#### Step-3

The selected candidates from both sides will be invited to submit a short research proposal to UPM and BUCT, respectively, for evaluation before **10<sup>th</sup> September 2019**

#### Step-4

The final evaluation results will be announced before **30<sup>th</sup> September 2019**.

#### Step-5

Successful seed funds start.
